

# Premix Labels Redesigned with **Patient Safety in Mind**

At Pharmaceuticals by Baxter, our mission is to deliver unmatched **Value in Performance**, providing the most value from the **highest-performing people, products, and services**.

That's why we partnered with the FDA and the Medication Safety Board to refresh our NEXTERONE (amiodarone HCl) Premixed Injection labels, helping **distinguish the product** and **ensuring patient care remains top of mind**.
