

# Premix Labels Redesigned with Patient Safety in Mind

At Pharmaceuticals by Baxter, our mission is to deliver unmatched **Value in Performance**, providing the most value from the **highest-performing people, products, and services**.

That's why we partnered with the FDA and the Medication Safety Board to refresh our ZOSYN (piperacillin and tazobactam) Injection premix labels, helping **distinguish the product** and **ensuring patient care remains top of mind**.
